

OUR STORY

We make every event special!

We love our work and have made it exciting through the opportunity to travel and carry the banner of Italian taste around the world. We have been partners of major sporting events: the World Cup, the Olympics, Giro d'Italia cycling race, Giro d'Italia sailing race, Shooting World Championships, and European Swimming Championships.

WHAT IS IT?

The idea was born from the extensive experience of Stefano Cianfarani, a logistics organizer for major events who has spent most of his career outside Italy.

The truck is incredibly versatile, suited to a wide range of events, transforming—with the right customizations—into a classy restaurant, a venue for events and tastings, a stage for live performances and film events, a space for meetings and corporate events, and a dedicated hospitality location.

All of this is complemented by a modern and functional design, high-quality materials, and tasteful decor crafted by true Italian artisans. The kitchen serves quality dishes and products, prepared by chefs and served by skilled staff.

This is My Pasta Truck.

TASTE THE EXPERIENCE

Our mission is to provide a new 'means' to showcase the true flavor of one of our great assets: Italian cuisine. We have created a place where everything is authentically Italian, delicious, and served with care at fair prices. Our truck has the ability to reach all locations and a greater number of people, going to meet them rather than waiting for them to come to us. Not everyone can reach us, and we cannot serve everyone, but we will certainly have the opportunity to reach many more customers compared to a single 'fixed' restaurant.

We focus on the quality of our products, using only fresh ingredients and high-quality seasonings. We combine well-known dishes like carbonara, amatriciana, and ragù with lesser-known specialties of ancient origins, all characterized by a common element: simplicity.

We have participated in the most important sporting events in the world, bringing Italian cuisine to every corner of the earth with pride and passion.

WHY CHOOSE US?
